24-26.06.2025

■ [KARAGANDA][KAZAKHSTAN]

■ Why Karaganda?

- Karaganda city is certainly the ideal place to host Mining Week Kazakhstan exhibition. Its central location and the proximity of major enterprises of industry are the important criterion to many exhibitors and visitors for participation in the exhibition.
-

Karaganda region attracted over 727 billion tenge of investments in fixed assets in 2023, with an increase of 16.3% compared to last year. The region ranks 2nd in the republican rating on the ease of doing business. A total of 5.5 thousand business projects were financed, including 2.5 thousand new projects. In total, over 12 thousand new companies opened in the region in 2023, 11 new enterprises were put into operation.

The Karaganda coal basin is the main supplier of coking coal for the metallurgical enterprises of Kazakhstan. There are large coal mining enterprises, machine-building, metalworking enterprises in the region, including Qarmet JSC, ShubarkolKomir JSC, Saryarka Energy LLP, Kazakhmys LLP, etc.

«Mining Week Kazakhstan» is the opportunity to:

- Acquire new and maintain existing business contacts
- Arrange supplies to Karaganda and other regions of Kazakhstan
- Increase sales volumes
- Evaluate competitors' activity
- Evaluate market demand and proposal
- Use efficiently your advertising budget

«Mining Week Kazakhstan» is the quality:

- International exhibition project, one of the recognized leaders both in Kazakhstan and at the international level.
- Support by the key industry ministries, associations and organizations.
- Organizers with the global name and many years' experience.
- UFI Approved Event mark evidences the high organizational level of the event, its effect on the business development and industry formation, as well as confirms the reliability of statistics.

Karaganda region is one of the leading industrial regions of the country.

Resources reserve in the territory of the region

100%	of the country's manganese
36%	of copper
80%	of tungsten
64%	of molybdenum
54%	of lead
40%	of coal
100%	of coking coal reserves

In the southwestern part of the region, 3 oil and gas fields have been discovered - Kumkol, Kumkol South and Maibulak.

MinTek

- Underground mining technologies
- Surface mining equipment & technologies
- Exploration and geological surveying technologies
- Crushing and material handling equipment
- Ventilation & safety technologies
- Pumps, compressors & other components
- Communication and management technologies
- Power generation equipment
- Mining consulting and technical services
- Mineral processing technologies
- Coal processing technologies
- Coal cleaning and burning technologies
- Smelting & refining technologies
- Research, education & training

MetalTek

- Metallurgical equipment & technologies
- Rolling mills & related technologies
- Thermo processing technologies
- Foundry equipment & technologies
- Molds and mold making technologies
- Sheet metal and related technologies
- Welding machinery & metal cutting technologies
- IT-technologies
- Pipe & tube technologies
- Measuring & control technologies
- Plant equipment & related technologies
- Process controls & related technologies
- Environmental & pollution control technologies

Mining Week

KAZAKHSTAN' 2025

*Mining Week
Kazakhstan
international exhibition
for mining and
metallurgical
industries, which will
showcase
the latest equipment,
services and technology*

EXHIBITION AGENDA

OFFICIAL OPENING CEREMONY:

- Tuesday June 24
12:00 p.m. – 1:00 p.m.

EXHIBITION WORKING HOURS:

- Tuesday June 24
10:00 a.m. - 6:00 p.m.
- Wednesday June 25
10:00 a.m. - 6:00 p.m.
- Thursday June 26
10:00 a.m. - 4:00 p.m.
