Days

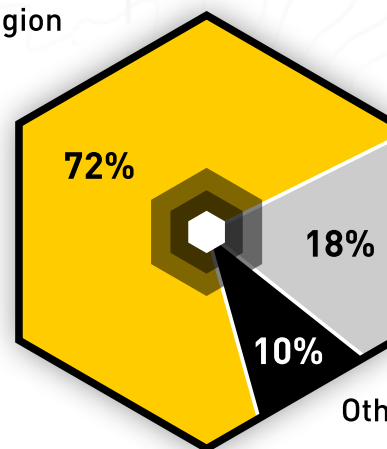

1950
Visitors

The exhibition **MiningWeekKazakhstan-2024** was visited by 1 950 people, from 9 regions of Kazakhstan, and also from 15 countries. At the pie chart the geography of the visitors is graphically presented.

The high-profile visitors make this exhibition very special. Due to the industrial specialization of Karaganda region where coal production, extraction and enrichment of metal and iron ores as well as nonferrous metals, machine construction, metal processing, and other related activities are strategically important.

Following the standard procedure all visitors have been registered each of three days of the exhibition. The exhibition is noted by target visitors - **most of them are specialists from different enterprises** of the mining and metallurgical industry, energy, mechanical engineering, as well as the construction complex.
