VISITORS

The exhibition MiningWeekKazakhstan-2026 was visited by 2 160 people, from 14 regions of Kazakhstan, and also from 11 countries. At the pie chart the geography of the visitors is graphically presented.

The high-profile visitors make this exhibition very special. Due to the industrial specialization of Karaganda region where coal production, extraction and enrichment of metal and iron ores as well as nonferrous metals, machine construction, metal processing, and other related activities are strategically important.

Following the standard procedure all visitors have been registered each of three days of the exhibition. The exhibition is noted by target visitors - **most of them are specialists from different enterprises** of the mining and metallurgical industry, energy, mechanical engineering, as well as the construction complex.

BUSINESS PROGRAM

The complex of business and educational exhibition events is aimed at familiarizing the audience with the best practices of the world community, exchanging experience with leading experts, and improving the skills of Kazakhstani specialists
